17/110	<p>Speeding & Other Road Issues:</p> <p>The outcome of the trials of ANPR cameras will soon be known. The Vehicle Activated Sign was in Holton recently and the Safer Neighbourhood Team is making sporadic visits with the CamVan. There has been damage to the grass verge. Pot holes and the road surface are current issues. The number, size and weight of HGVs cause damage to the road surface which does not meet current standards. The road is not wide enough to support the weight of the HGVs that are increasingly using the B1070, there are parts without footpaths and there is no weight limit.</p>
